Re: HQ-2019-00062-F

Dear Mr. Evers:

This is a partial response to the request for information that you sent to the Department of Energy (DOE) under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. You requested the following:

1. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant) for the date ranges provided below. If no date range is specified, please provide all responsive records from the date each custodian joined DOE through the date the search is conducted:

- Rick Perry (December 7, 2017, through the date of the search)
- Dan Brouillette (December 7, 2017, through the date of the search)
- Brian McCormack (December 7, 2017, through the date of the search)
- Bernard McNamee

For these individuals, American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments.

2. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant) for the date ranges provided below. If no date range is specified, please provide all responsive records from the date each custodian joined DOE through the date the search is conducted:

- Mark Menezes (January 20, 2017, through the date of the search)
- Anyone who has served as a Deputy Chief of Staff in the Office of the Secretary, including Daniel Wilmot (December 7, 2017, through the date of the search)
- Preston Wells Griffith (January 20, 2017, through the date of the search)

For these individuals, American Oversight does not need the records to be produced in a format that includes all invitees, notes, and attachments. Rather, American Oversight seeks only a format that includes dates, times, and meeting titles, such as the “Daily” format used by Microsoft Outlook or a similar format. Please do not limit your search to Outlook calendars. We request the production of any document—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how these individuals allocate their time on agency business.

In addition to the records requested above, American Oversight also requests records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched and any tracking sheets used to track the processing of this request.

Your request has been assigned to DOE’s Office of the Executive Secretariat (ES), Office of Policy (OP), and Office of International Affairs (IA) to conduct searches of their files for responsive documents. DOE started its search on February 13, 2018, which is the cutoff date for responsive records.

At this time, ES has identified one (1) responsive document. While this copy of Deputy Energy Secretary Brouillette’s calendar is responsive to your request, please note that some of the meetings listed may not have occurred and/or individuals listed may not have attended certain meetings. At the time of your request, this was the most updated copy of the January calendar. The document is being provided to you as described in the accompanying index.

Upon review, DOE has determined that certain information contained within the record should be withheld pursuant to Exemptions 3, 5, 6, 7(C), and 7(E) of the FOIA, 5 U.S.C. § 552(b)(3), (b)(5), (b)(6), (7)(C), and (b)(7)(E).

Exemption 3 protects from disclosure information “specifically exempted from disclosure by statute (other than section 552(b) of this title), if that statute—(A)(i) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue; or (ii) establishes particular criteria for withholding or refers to particular types of matters to be withheld[.]” The National Security Act of 1947, 50 U.S.C. § 3001, *et seq.*..., is one such statute that falls within the coverage of Exemption 3. *See CIA v. Sims*, 471 U.S. 159, 167 (1985) (“Section 102(d)(3) of the National Security Act of 1947, which calls for the Director of Central Intelligence to protect ‘intelligence sources and methods,’ clearly ‘refers to particular types of matters,’ 5 U.S.C. § 552(b)(3)(B), and thus qualifies as a withholding statute under Exemption 3.”).

The Act permits the redactions of both sensitive unclassified information and classified information, such as intelligence methodology and intelligence and counterintelligence personnel involved in these activities. The information withheld under Exemption 3 consists of the names of intelligence community personnel, the disclosure of which could reveal the nature of intelligence activities.

Exemption 5 protects from mandatory disclosure “inter-agency or intra-agency memorandums or letters that would not be available by law to a party other than an agency in litigation with the agency....” Exemption 5 incorporates the deliberative process privilege which protects recommendations, advice, and opinions that are part of the process by which agency decisions and policies are formulated. The information withheld under Exemption 5 consists of inter-agency pre-decisional information.

A part of the document reflects deliberative discussions. The DOE may consider these preliminary views as part of the process that will lead to the agency’s final policy decision about these matters. The withheld information does not represent a final agency position, and its release would compromise the deliberative process by which the government makes its decisions. Thus, the information is being withheld under Exemption 5 of the FOIA as pre-decisional material that is part of the agency’s deliberative process.

Exemption 6 is generally referred to as the “personal privacy” exemption; it provides that the disclosure requirements of FOIA do not apply to “personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” In applying Exemption 6, the DOE considered: 1) whether a significant privacy interest would be invaded; 2) whether the release of the information would further the public interest by shedding light on the operations or activities of the Government; and 3) whether in balancing the privacy interests against the public interest, disclosure would constitute a clearly unwarranted invasion of privacy.

The information withheld under Exemption 6 consists of individuals’ names, flight information, mobile phone numbers, and personal matters of individuals and other personal information. This information qualifies as “similar files” because it is information in which an individual has a privacy interest. Moreover, releasing the information could subject the individuals to unwarranted or unsolicited communications. Since no public interest would be served by disclosing this information, and since there is a viable privacy interest that would be threatened by such disclosure, Exemption 6 authorizes withholding the information. Therefore, we have determined that the public interest in the information’s release does not outweigh the overriding privacy interests in keeping it confidential.

Exemption 7 protects from disclosure “records or information compiled for law enforcement purposes” that fall within the purview of one or more of six enumerated categories. To qualify under Exemption 7, the information must have been compiled, either originally or at some later date, for a law enforcement purpose, which includes crime prevention and security measures, even if that is only one of the many purposes for compilation.

Exemption 7(C) provides that, “records of information compiled for law enforcement purposes” may be withheld from disclosure, but only to the extent that the production of such documents “could reasonably be expected to constitute an unwarranted invasion of personal privacy....” In applying Exemption 7(C), DOE considered whether a significant privacy interest would be invaded, whether the release of the information would further the public interest in shedding

light on the operations or activities of the Government, and whether in balancing the privacy interests against the public interest, disclosure would constitute unwarranted invasion of privacy.

The information withheld contains certain travel logistics. This information, if known, could pose a serious safety risk to individuals or those to whom protection is being provided, and may result in an unwarranted invasion of their privacy. Releasing certain travel information would reveal little about the operations or activities of the Government. Therefore, disclosure of this information could reasonably be expected to constitute an unwarranted invasion of personal privacy.

Exemption 7(E) provides that, “records or information compiled for law enforcement purposes” may be withheld from disclosure, but only to the extent that the production of such documents “would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law.”

The information withheld under Exemption 7(E) consists of secured conference room numbers. That information was compiled for preventative law enforcement and/or security purposes to prevent future illegal acts in the form of cyber security intrusions. Because the redacted portions of the enclosed document contain information about DOE’s investigative techniques that could be used by an individual to obtain classified or sensitive information on DOE networks without authorization, we are withholding this information pursuant to Exemption 7(E).

This satisfies the standard set forth in the Attorney General’s March 19, 2009, memorandum that when a FOIA request is denied, agencies will be defended and justified in not releasing the material on a discretionary basis “if (1) the agency reasonably foresees that disclosure will harm an interest protected by one of the statutory exemptions, or (2) disclosure is prohibited by law.” The Attorney General’s memorandum also provides that whenever full disclosure of a record is not possible, agencies “must consider whether they can make a partial disclosure.” Thus, we have determined that, in certain instances, a partial disclosure is proper. This also satisfies DOE’s regulations at 10 C.F.R. § 1004.1 to make records available which it is authorized to withhold under 5 U.S.C. § 552 when it determines that such disclosure is in the public interest. Accordingly, we will not disclose this information.

Pursuant to 10 C.F.R. §1004.7(b)(2), I am the individual responsible for the determination to withhold the information described above. The FOIA requires that “any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt,” 5 U.S.C. § 552 (b). As a result, a redacted version of the document is being released to you in accordance with 10 C.F.R. § 1004.7(b)(3).

This decision may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to Director, Office of Hearings and Appeals, HG-1, L’Enfant Plaza, U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585-1615. The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase “Freedom of Information Appeal” in the subject

line (This is the method preferred by the Office of Hearings and Appeals.). The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside, (2) where you have your principal place of business, (3) where DOE's records are situated, or (4) in the District of Columbia.

You may contact DOE's FOIA Public Liaison, Alexander Morris, FOIA Officer, Office of Public Information, at 202-586-5955 or by mail at MA-46/Forrestal Building 1000 Independence Avenue, S.W. Washington, D.C. 20585 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at [ogis@nara.gov](mailto:ogis@nara.gov); telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

The FOIA provides for the assessment of fees for the processing of requests. *See* 5 U.S.C. § 552(a)(4)(A)(i); *see also* 10 C.F.R. § 1004.9(a). In our October 22, 2018, letter, you were advised that your request was placed in the "other" category for fee purposes. Requesters in this category are entitled to two free hours of search time and 100 free pages. In that same letter, you were informed that your request for a fee waiver had been granted. Thus, no fees will be charged for processing your request.

DOE is continuing to process your request. If you have any questions about this letter, you may contact me or Ms. Rachel Fellows of my office at:

MA-46/ Forrestal Building

Request #: HQ-2019-00062-F

First partial response for request from Mr. Evers for:

1. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant) for the date ranges provided below. If no date range is specified, please provide all responsive records from the date each custodian joined DOE through the date the search is conducted:

- Rick Perry (December 7, 2017, through the date of the search)
- Dan Brouillette (December 7, 2017, through the date of the search)
- Brian McCormack (December 7, 2017, through the date of the search)
- Bernard McNamee

For these individuals, American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments.

2. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant) for the date ranges provided below. If no date range is specified, please provide all responsive records from the date each custodian joined DOE through the date the search is conducted:

- Mark Menezes (January 20, 2017, through the date of the search)
- Anyone who has served as a Deputy Chief of Staff in the Office of the Secretary, including Daniel Wilmot (December 7, 2017, through the date of the search)
- Preston Wells Griffith (January 20, 2017, through the date of the search)

For these individuals, American Oversight does not need the records to be produced in a format that includes all invitees, notes, and attachments. Rather, American Oversight seeks only a format that includes dates, times, and meeting titles, such as the “Daily” format used by Microsoft Outlook or a similar format. Please do not limit your search to Outlook calendars. We request the production of any document—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how these individuals allocate their time on agency business.

**In addition to the records requested above, American Oversight also requests records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched and any tracking sheets used to track the processing of this request.**

At this time, DOE's Office of the Executive Secretariat (ES) has identified one (1) document responsive to your request.

- One (1) document *is being released, in part, pursuant to Exemptions 3, 5, 6, 7(C), and 7(E)*. Exemption 3 information consists of the names of intelligence community personnel. Exemption 5 information consists of pre-decisional information. Exemption 6 information consists of individuals' names, flight information, mobile phone numbers, and personal matters of individuals and other personal information. Exemption 7(C) information consists of certain travel logistics. Exemption 7(E) information consists of secured conference room numbers.

Re: HQ-2019-00062-F

Dear Mr. Evers:

This is a partial response to the request for information that you sent to the Department of Energy (DOE) under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. You requested the following:

1. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant) for the date ranges provided below. If no date range is specified, please provide all responsive records from the date each custodian joined DOE through the date the search is conducted:

- Rick Perry (December 7, 2017, through the date of the search)
- Dan Brouillette (December 7, 2017, through the date of the search)
- Brian McCormack (December 7, 2017, through the date of the search)
- Bernard McNamee

For these individuals, American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments.

2. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant) for the date ranges provided below. If no date range is specified, please provide all responsive records from the date each custodian joined DOE through the date the search is conducted:

- Mark Menezes (January 20, 2017, through the date of the search)
- Anyone who has served as a Deputy Chief of Staff in the Office of the Secretary, including Daniel Wilmot (December 7, 2017, through the date of the search)
- Preston Wells Griffith (January 20, 2017, through the date of the search)

For these individuals, American Oversight does not need the records to be produced in a format that includes all invitees, notes, and attachments. Rather, American Oversight seeks only a format that includes dates, times, and meeting titles, such as the “Daily” format used by Microsoft Outlook or a similar format. Please do not limit your search to Outlook calendars. We request the production of any document—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how these individuals allocate their time on agency business.

In addition to the records requested above, American Oversight also requests records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched and any tracking sheets used to track the processing of this request.

Your request has been assigned to DOE’s Office of the Executive Secretariat (ES), Office of Policy (OP), and Office of International Affairs (IA) to conduct searches of their files for responsive documents. DOE started its search on February 13, 2018, which is the cutoff date for responsive records. On January 9, 2019, DOE sent you a first partial response consisting of one (1) responsive document. On January 15, 2019, DOE sent you a second partial response consisting of two (2) responsive documents.

At this time, ES has identified one (1) additional responsive document. The document is being provided to you as described in the accompanying index.

Upon review, DOE has determined that certain information contained within the record should be withheld pursuant to Exemptions 5, 6, and 7(C) of the FOIA, 5 U.S.C. § 552(b)(5), (b)(6), and (b)(7)(C).

Exemption 5 protects from mandatory disclosure “inter-agency or intra-agency memorandums or letters that would not be available by law to a party other than an agency in litigation with the agency....” Exemption 5 incorporates the deliberative process privilege which protects recommendations, advice, and opinions that are part of the process by which agency decisions and policies are formulated. The information withheld under Exemption 5 consists of inter-agency pre-decisional information.

A part of the document reflects deliberative discussions. The DOE may consider these preliminary views as part of the process that will lead to the agency’s final policy decision about these matters. The withheld information does not represent a final agency position, and its release would compromise the deliberative process by which the government makes its decisions. Thus, the information is being withheld under Exemption 5 of the FOIA as pre-decisional material that is part of the agency’s deliberative process.

Exemption 6 is generally referred to as the “personal privacy” exemption; it provides that the disclosure requirements of FOIA do not apply to “personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” In

applying Exemption 6, the DOE considered: 1) whether a significant privacy interest would be invaded; 2) whether the release of the information would further the public interest by shedding light on the operations or activities of the Government; and 3) whether in balancing the privacy interests against the public interest, disclosure would constitute a clearly unwarranted invasion of privacy.

The information withheld under Exemption 6 consists of travel-related information, mobile and teleconference numbers, and personal matters of individuals and other personal information. This information qualifies as “similar files” because it is information in which an individual has a privacy interest. Moreover, releasing the information could subject the individuals to unwarranted or unsolicited communications. Since no public interest would be served by disclosing this information, and since there is a viable privacy interest that would be threatened by such disclosure, Exemption 6 authorizes withholding the information. Therefore, we have determined that the public interest in the information’s release does not outweigh the overriding privacy interests in keeping it confidential.

Exemption 7 protects from disclosure “records or information compiled for law enforcement purposes” that fall within the purview of one or more of six enumerated categories. To qualify under Exemption 7, the information must have been compiled, either originally or at some later date, for a law enforcement purpose, which includes crime prevention and security measures, even if that is only one of the many purposes for compilation.

Exemption 7(C) provides that, “records of information compiled for law enforcement purposes” may be withheld from disclosure, but only to the extent that the production of such documents “could reasonably be expected to constitute an unwarranted invasion of personal privacy....” In applying Exemption 7(C), DOE considered whether a significant privacy interest would be invaded, whether the release of the information would further the public interest in shedding light on the operations or activities of the Government, and whether in balancing the privacy interests against the public interest, disclosure would constitute unwarranted invasion of privacy.

The information withheld under Exemption 7(C) consists of travel-related information. This information, if known, could pose a serious safety risk to individuals and may result in an unwarranted invasion of their privacy. Releasing travel information would reveal little about the operations or activities of the Government. Therefore, disclosure of this information could reasonably be expected to constitute an unwarranted invasion of personal privacy.

This satisfies the standard set forth in the Attorney General’s March 19, 2009, memorandum that when a FOIA request is denied, agencies will be defended and justified in not releasing the material on a discretionary basis “if (1) the agency reasonably foresees that disclosure will harm an interest protected by one of the statutory exemptions, or (2) disclosure is prohibited by law.” The Attorney General’s memorandum also provides that whenever full disclosure of a record is not possible, agencies “must consider whether they can make a partial disclosure.” Thus, we have determined that, in certain instances, a partial disclosure is proper. This also satisfies DOE’s regulations at 10 C.F.R. § 1004.1 to make records available which it is authorized to withhold under 5 U.S.C. § 552 when it determines that such disclosure is in the public interest. Accordingly, we will not disclose this information.

Pursuant to 10 C.F.R. §1004.7(b)(2), I am the individual responsible for the determination to withhold the information described above. The FOIA requires that “any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt,” 5 U.S.C. § 552 (b). As a result, a redacted version of the document is being released to you in accordance with 10 C.F.R. § 1004.7(b)(3).

This decision may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to Director, Office of Hearings and Appeals, HG-1, L’Enfant Plaza, U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585-1615. The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase “Freedom of Information Appeal” in the subject line (this is the method preferred by the Office of Hearings and Appeals). The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside, (2) where you have your principal place of business, (3) where DOE’s records are situated, or (4) in the District of Columbia.

You may contact DOE’s FOIA Public Liaison, Alexander Morris, FOIA Officer, Office of Public Information, at 202-586-5955 or by mail at MA-46/Forrestal Building 1000 Independence Avenue, S.W. Washington, D.C. 20585 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at [ogis@nara.gov](mailto:ogis@nara.gov); telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

The FOIA provides for the assessment of fees for the processing of requests. *See* 5 U.S.C. § 552(a)(4)(A)(i); *see also* 10 C.F.R. § 1004.9(a). In our October 22, 2018, letter, you were advised that your request was placed in the “other” category for fee purposes. Requesters in this category are entitled to two free hours of search time and 100 free pages. In that same letter, you were informed that your request for a fee waiver had been granted. Thus, no fees will be charged for processing your request.

DOE is continuing to process your request. If you have any questions about this letter, you may contact Ms. Rachel Fellows of my office at:

MA-46/ Forrestal Building  
1000 Independence Avenue, S.W.  
Washington, DC 20585

## INDEX

Request #: HQ-2019-00062-F

Third partial response for request from Mr. Evers for:

1. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant) for the date ranges provided below. If no date range is specified, please provide all responsive records from the date each custodian joined DOE through the date the search is conducted:

- Dan Brouillette (December 7, 2017, through the date of the search)
- Brian McCormack (December 7, 2017, through the date of the search)
- Bernard McNamee

For these individuals, American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments.

2. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant) for the date ranges provided below. If no date range is specified, please provide all responsive records from the date each custodian joined DOE through the date the search is conducted:

- Mark Menezes (January 20, 2017, through the date of the search)
- Anyone who has served as a Deputy Chief of Staff in the Office of the Secretary, including Daniel Wilmot (December 7, 2017, through the date of the search)

Please do not limit your search to Outlook calendars. We request the production of any document—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how these individuals allocate their time on agency business.

In addition to the records requested above, American Oversight also requests records describing the processing of this request, including records sufficient

**to identify search terms used and locations and custodians searched and any tracking sheets used to track the processing of this request.**

At this time, DOE's Office of the Executive Secretariat (ES) has identified one (1) additional document responsive to your request.

- One (1) document *is being released, in part, pursuant to Exemptions 5, 6, and 7(C)*. The information withheld under Exemption 5 consists of pre-decisional and deliberative interagency discussions. The information withheld under Exemption 6 consists of travel-related information, mobile and teleconference numbers, and personal matters of individuals and other personal information. The information withheld under Exemption 7(C) consists of travel-related information.

Park: Motorcade drives into High Bay (east side of building)

**2:07 PM - 2:12 PM**

**Tour of Structures and Materials Testing Lab -- Room 1200**

- 3-foot thick reinforced concrete “strong floor” covering 8,400-sq. ft. testbed
- One of largest and best-equipped facilities of its kind in the country, 45-ft. tall
- Dual ability to perform full-scale, as well as component and material testing
- Investigative research capabilities on aging petroleum pipeline infrastructure
- Advanced assessment techniques on structural systems
- Short video of High Bay Lab research experiments

**2:14 PM - 2:24 PM**

**Tour of Smart Grid Training & Control Lab -- Room 3339**

- Energy research to ensure the reliability, sustainability, resiliency and security of the nation’s electric power grid
- Large-scale linked simulations for workforce development and continuing professional education for essential personnel in critical infrastructure roles
- DOE funded Timing Intrusion Management Ensuring Resiliency (TIMER)
- Short video of Smart Grid simulation training sessions
- If questions, then Overbye can introduce Dr. Mladen Kezunovic appointed member of the U.S. Department of Energy’s Electricity Advisory Committee

**2:26 PM - 2:36 PM**

**Tour of Advanced Materials & Manufacturing for Energy and Infrastructure Lab -- Room 2331**

- Rapid construction of LNG storage facilities
- Mega-manufacturing of large-scale structures, including nuclear structures
- Novel materials for energy applications, including cryogenic materials for LNG storage, low creep materials for nuclear applications, and materials to support oil and gas extraction

## February 16, 2018 Continued

Friday

- Large-scale 3D Printer and demolished structures around the Lab
- Short video of advanced concrete manufacturing/delivery experiments

2:39 PM - 2:45 PM

### Tour of Energy, Transport & Containment Lab -- Room 1401

- Novel materials for containment and disposal of nuclear wastes
- Measuring and modeling of transport of nuclear wastes
- Innovative thermal materials for heat dissipation for buried electrical cables
- New methods for quantifying heat dissipation in energy infrastructure applications
- Feature Savannah River National Lab project with graduate student
- Dr. Sam Mannan serves on the U.S. Department of Energy's Hydrogen and Fuel Cell Technical Advisory Committee

2:46 PM - 2:52 PM

### Dynamic Demonstration of Expandable Structures Prototype -- multipurpose room

- Advanced MegaManufacturing
- Truss-type structures designed to be transported in a small/compact box or space, then be able to unfold and expand to much larger size when deployed
- Target applications would likely be military
- If questions, then Grasley can introduce Dr. Negar Kalantar

3:00 PM - 3:14 PM

### **Tour Truck Platooning Site -- Texas A&M Transportation Institute**

4:25- 4:30 Dynamic Demo (observe from inside cab of semi)

- Platooning technology sponsor:
  - Texas Department of Transportation (TxDOT)
  - In-kind partners: International Trucks, Bendix, Ricardo, Denso, TRW, Lytx, Argonne National Laboratory, Tardec, Great Dane
- Description of driver-assist technology:
  - Extends radar, camera and vehicle-to-vehicle (v2v) communications to provide precise automated lateral and longitudinal vehicle control.
  - When engaged, the system in second truck controls steering, braking and accelerator while the driver monitors driving environment.
- Distance between each vehicle when in motion:
  - Maintains a tight formation of two trucks with driver selectable short following distances ranging from 33 ft. to 164 ft.
- Description of commercialization/marketplace implementation:
  - The project focuses on the feasibility of deploying two-vehicle truck platoons utilizing Level 2 (L2) automation on specific corridors in Texas within the next five-years.
  - The project will provide TxDOT with research-based operational guidance for platooning technologies, such as near-, mid- and long-term guidance on how, when and where platooning should be allowed to maximize the benefits to the traffic network.
  - The project informs related industry standards as well as State and Federal regulatory compliance efforts if applicable.

Thursday's meeting will mainly serve as a meet-and-greet between DOE staff and staff from some of the national intergovernmental organizations. We will kick off the meeting with brief introductions of new (to them) IGEA leadership, view a brief demonstration of the EERE SLED tool, then open the floor for mingling. No formal speaking role is required. We have RSVPs from the following organizations:

NARUC- National Association of Rural Utility Commissioners

NCSL- National Conference of State Legislators

NASEO- National Association of State Energy Officials

NLC- National League of Cities

NGA- National Governors Association

USCM- U.S. Conference of Mayors

NACo- National Association of Counties

Brian,

I hope this email finds you well. I will be in DC this week for some US-Japan bilateral discussions. If you are in town and have time, I thought it may be useful for me to fill you in on some recent developments from Tokyo. Would you by chance have any time for a short discussion?

They have been asking to meet with us for awhile so I'm bringing them in to Pa for an off the record lunch on Friday at 1pm... prob like five of them. Relationship building.....

They asked for s1 and i let them know he is not available that day. I think it would be nice if you could stop by for a second and say hello if your schedule allows :) I will pass along the invite to other leadership as well.

Thanks!

(b) (5) meeting -- EEOB Room 126  
All,

Apologies for the late notice.

We will be holding a meeting regarding (b) (5) on  
Tuesday, January 16, 2018, at 11:30 AM in EEOB Room 126 (b) (5)  
This meeting will be held  
following the Cabinet Chiefs meeting.

Please RSVP your attendance at this meeting to Emily McBride, copied on this email, and me. For those who need WAVES to enter the complex, Emily will send you a link.

Thank you in advance for your assistance with this important meeting.

Please do not hesitate to contact me with any questions.

Best,

Bill

**Time:** 1:00 p.m. – 2:00 p.m.

**Location:** WHSR Exec

Please submit your security information at this link:  
<https://events.whitehouse.gov/>(b) (6)

Please note: The United States Secret Service requires all individuals to present a passport or U.S. government-issued photo ID for entrance to the White House complex. All guests' personal information should be entered on the security webform exactly as it appears on their U.S. government-issued IDs. If there are any discrepancies between this information and the presented ID, we cannot guarantee clearance onto the complex.

To access the White House, guests will enter via the Southwest Visitors' Entrance at 17th Street and State Place, NW, which is diagonally across the street from the Corcoran Gallery of Art and New York Avenue, NW. Guests will proceed through two Secret Service checkpoints, both of which will require each guest to show a valid government-issued photo ID. Due to the volume of guests accessing the White House, it is suggested that guests arrive at least 15 minutes prior to the meeting to clear security.

Thank you,

Holly Smith

**Subject:** RE: class this week

Hi all,

I created a BlueJeans meeting for this Wednesday evening; please pass along the following information to any other participants:

Below is the BlueJeans invite. You can copy and paste the invite to send to your participants. Please have the participants follow the instructions below for a quality connection.

There's a plugin to run. Please use Firefox, IE, Chrome or Safari.

There's a link at the bottom of the invite "want to test your video connection" the remote user can click on. When this is done there will be a Parrot, when they speak the Parrot will repeat your words to verify your microphone and audio settings are working. The day of the meeting they will click on the "Join Meeting" button. If your participants are in a hotel or somewhere with limited bandwidth, they will need to upgrade to a better network connection.

You can click on the following link to verify your bandwidth is sufficient:

<https://support.bluejeans.com/knowledge/primetime-bandwidth-requirements>

Bandwidth: minimum of 384 Kbps, for both upload and download, is needed to support your video call. For 720p HD resolution the user should have at least 1024Kbps (1Mbps) up/down bandwidth as well as a 720p capable webcam.

Heinz College has invited you to a video meeting.

Please submit your security information at this link:  
<https://events.whitehouse.gov/>(b) (6)

Please note: The United States Secret Service requires all individuals to present a passport or U.S. government-issued photo ID for entrance to the White House complex. All guests' personal information should be entered on the security webform exactly as it appears on their U.S. government-issued IDs. If there are any discrepancies between this information and the presented ID, we cannot guarantee clearance onto the complex.

To access the White House, guests will enter via the Southwest Visitors' Entrance at 17th Street and State Place, NW, which is diagonally across the street from the Corcoran Gallery of Art and New York Avenue, NW. Guests will proceed through two Secret Service checkpoints, both of which will require each guest to show a valid government-issued photo ID. Due to the volume of guests accessing the White House, it is suggested that guests arrive at least 15 minutes prior to the meeting to clear security.

He could do an on-stage conversation with Dan Yergin or myself, with or without prepared remarks, as he wishes. We would love to have him make some remarks at our annual dinner that evening, a private event with about 80 senior energy sector leaders.

Jim, I will send you an email with the details under separate cover.

Thank you again very much. Best, Jason

I'm in town on the 6<sup>th</sup> and be happy to catch up.

Unfortunately for the event in NY though we'll have to decline. He has to be in TX for an event and we now also have possible hearing that day. Sorry.

I'm copying in Jim Colgary who serves as Deputy Secretary Brouillette's COS who indicated possible interest in participating. I hope you and Jim can find a solution.

Best,  
Brian

Dear Brian – Thank you again for helping to get this invitation considered on the Secretary's calendar. We would be honored if he is able to participate. I also wanted to be sure to mention that, in addition to the public Summit and gala dinner, we would be very pleased to organize a small, private, high-level breakfast on Friday, April 20, with an audience of leading financial sector participants if that would be of interest to the Secretary. We've done that before for senior Administration officials, and it has been valuable and well-received.

Do let me know if there is any other information we can provide and I look forward to hearing from you.

Brian: I hope this email finds you well. Thank you for your assistance last year considering our speaking invitation to Secretary Perry. We wanted to reach out again with an invitation for him to be the keynote speaker at our Fifth Anniversary Global Energy Summit, which is taking place on April 19 in New York. We can structure his visit in any way that best suits you, either a formal keynote speech or a fireside chat Q&A with Dan Yergin, one of our Board members, or another moderator. More details are below.

If I can answer any questions, please don't hesitate to reach out. With all best wishes, and thanks for your consideration, Jason

November 1, 2017

Honorary Rick Perry

United States Secretary of Energy

Dear Secretary Perry:

On behalf of the Center on Global Energy Policy, **please accept this invitation to serve as a keynote speaker at our annual Global Energy Summit in New York City on Thursday, April 19, 2018**. Our upcoming Summit will be especially significant and a testament to the Center's success as it will mark our organization's 5-year anniversary. The Summit is a prominent venue attended by high-level speakers from across the world. After the event, I would like to invite you to be our distinguished guest at a private dinner with senior-level colleagues on our Advisory Board and energy executives from industry, government and academia.

The mission of the Center on Global Energy Policy is to support world-class academic research and provide a platform to take that research and engage with partners externally in the private and public sectors to improve understanding and enable better decisions by public and private sector leaders. Through its base at Columbia University, the Center connects the broad range of academic work being done across the campus, and utilizes those world-class capacities with organizations and parties beyond the academy to transform research into concrete

outcomes that help move the needle in solving our energy and climate change challenges.

Our 2018 spring Summit will build on our previous events, which have drawn high-level speakers, including Ben van Beurden, CEO of Royal Dutch Shell; Ryan Lance, CEO of ConocoPhillips; Helge Lund, then CEO of Statoil; Michael Bloomberg, 108th Mayor of New York City; Thomas Donilon, then U.S. National Security Adviser; Ernest Moniz, then U.S. Energy Secretary; Dr. Fatih Birol, Executive Director, International Energy Agency; John D. Podesta, then Counselor to President Obama; Gina McCarthy, then Administrator, US Environmental Protection Agency; Dr. Jason Furman, Chairman, White House Council of Economic Advisers under the President Obama administration; Governor John Hickenlooper, State of Colorado; Shaikh Nawaf Saud Nasir Al-Sabah, Chief Executive Officer, Kuwait Foreign Petroleum Exploration Company; and Charif Souki, co-founder and Chairman of the Board, Tellurian Inc., among many others. You can find relevant details about last year's summit [here](#).

The Summit will again take place on the historic main Columbia University campus in front of an audience of 400-500 leaders and practitioners from industry, finance, private equity and government as well as students, faculty and the general public as well as thousands watching via livestream. Located in the financial and media capital of the world, and in coordination with a leading global media relations firm, our events generate substantial interest and attention from outlets such as *The Wall Street Journal*, *The Financial Times*, *The New York Times*, *The Washington Post*, *Reuters*, and *Bloomberg News*. We also webcast and record our events so they are accessible to the global community.

I very much look forward to your response and thank you for the consideration. It is without question that your participation would be a tremendous benefit to the program and to the wider public understanding of complex global energy issues.

Your sincerely,

Jason Bordoff

Hello from New Delhi. We are preparing here for Secretary Perry's visit at the end of the month. I met this morning with Ambassador Ken Juster to review the state of play and set the stage. My staff here is working with DOE's International Affairs Office on details, but I wanted to check in with you directly. (b) (5)

could I call you to discuss?

Assuming that the government isn't shut down, anytime early next week would be fine. Because of the time difference, it's usually best to try to schedule something in the morning Washington time, which is evening here.

We are looking forward to the visit and will put together a good schedule of events. Our collaboration with India on energy sector issues, where government-to government or commercial, is very strong and quickly expanding.

**N8 Energy Technology - Possible Grant Proposal -- 3E-028 & WebEx - DOE Forrestal, 1000 Independence Ave SW, Washington, DC 20585**

N8ET is considering the submission of a full grant proposal to the DOE for bringing a set of patented tools and processes for simultaneously drilling and producing oil and gas from horizontal wells in an innovative and controlled manner. This technique is generally referred within the industry as underbalanced drilling. At N8ET, we refer to our tools and processes as PIRC (Protecting Innate Reservoir Characteristics).

PIRC revolutionizes underbalanced horizontal drilling (UBHD) technology by providing a consistent and cost-effective method for continuously producing oil and gas throughout the entire process of drilling, completion and production operations. Properly deployed PIRC has the potential to eliminate the need for fracturing in a great number of reservoirs and the process requires no fresh water. This technology will create a bridge to U.S. energy security by increasing well productivity at significantly reduced costs, while substantially reducing the environmental impact of all operations in most U.S. conventional and unconventional reservoirs.

CALL IN NUMBER (b) (6) ENERGY VETS COFFEE: Tuesday 9:30 AM , Special Speaker Angela McConnell, President, Northern Virginia Veterans Association (NOVAVETS) -- 5G-055  
Call in Number (b) (6)

Angela McConnell, President of the Northern Virginia Veterans Association (NOVAVETS) and retired Airforce Major , will discuss the Association's successful outreach

initiatives for veterans and their families. Angela served over 22 years in the U.S. Military, active duty and reserve, in both the enlisted ranks and officer corps.

Since retirement after 22 years of service she has dedicated time towards multiple local Veteran/Military initiatives to include the Wounded Warrior Mentoring

Program, Association for Defense Communities, Ride 2 Recovery and was the co-founder and co-chair of Prince William Chamber Veterans Council.

Her entrepreneurial work and experience within the military and civilian health care systems provides insight and expertise for comprehensive understanding

and development of leading-edge integrative healthcare programs and models

The mission of NOVAVETS is:

1. We guide those in need through our comprehensive network of local resources including: Reintegration, Healthcare, Family & Caregiver Support, Fitness/The Arts/Recreation, Employment, Education, Finance and others.
2. We are the local proactive Veteran/Military association attracting leaders and community partners who collaborate and provide information on their mission/initiatives while offering insight on needs and solutions yielding rapid, efficient effective results.
3. We are a rally point for Veterans/military/supporters to team up and support other veterans through ours and others initiatives, outreach, training & volunteer opportunities.

Subject: NEAC Follow up

Hi Susanne,

Does Brian have availability for a Nuclear Energy Advisory Committee (NEAC) follow up meeting on Friday? Suzie will join by phone.

Dan may want to be in the meeting as well since he was in the meeting last week.

Thank you!

Michelle
